

State of Hawai'i Multi-Hazard Mitigation Plan Update 2007

©2007. Dr. Cheryl Anderson, Hazards, Climate & Environment Program, University of Hawai'i Social Science Research Institute with the Hawai'i State Hazard Mitigation Forum, the Hawaii State Earthquake Advisory Committee, the Hawaii State Hurricane Advisory Committee, and the four county planning efforts, including the County of Kauai, the County of Maui, the County of Hawaii, and the City and County of Honolulu. Funding for this plan came primarily from a Hazard Mitigation grant from the Department of Homeland Security Federal Emergency Management Agency. Research, studies, and county planning efforts included in this plan and annexed to this plan were also funded by the Federal Emergency Management Agency, the National Oceanic and Atmospheric Administration, the Hawaii Coastal Zone Management Program, the US Geological Survey, the State of Hawaii, the County of Kauai, the City & County of Honolulu, the County of Hawaii, the County of Maui, and considerable donated contributions of time and information. The primary author from the University of Hawaii Social Science Research Institute is Dr. Cheryl L. Anderson (Hazards, Climate, & Environment Program Director). Significant contribution has been provided by the staff of Hawaii State Civil Defense, the DBEDT Office of Planning, and by Gary Chock of Martin & Chock, Inc. Acknowledgments list government agencies and individuals who have made significant contribution to the plan update.
